FELLOWSHIP PROGRAM AT
Memorial Health

Welcome to the Sports Medicine Fellowship at Memorial Health

The Sports Medicine Fellowship at Memorial Health is part of the HCA Healthcare Graduate Medical Education network. HCA Healthcare is the nation's leading provider of quality, patient-centered care. We are also the leader in graduate medical education, all brought together by a single mission:

Above all else, we are committed to the care and improvement of human life.

Program Overview

Launched in 2019, the fellowship program is currently accepting one fellow per year who is residency-trained in family medicine. The goal of our fellowship is to develop a well-rounded sports medicine physician who has significant experience in:

- Clinical
- Team and mass event coverage
- Scholarly activity

We accomplish these goals with a rigorous and exciting training program.

Faculty & Fellows

Marvin Sineath Jr., MD

Program Director

- Dr. Sineath's interests include sports medicine, teaching medical students and residents. He and his family enjoy exercising, playing sports, anything involving the water, their local church, and serving in the community. He served in the Air Force for 12 and a half years and is currently in the Air National Guard.

Gregory Bentz, MD

Current Fellow

- Eastern Virginia Medical School

Rotation Schedule

Clinical Experience

The sports medicine fellow will see patients in the sports medicine clinic at Memorial Health University Physicians Family Care, which houses the family medicine residency program. The fellow will be precepted by the fellowship director.

In the clinic, the fellow will diagnose and treat a broad array of musculoskeletal conditions and gain experience with diagnostic and interventional ultrasound injections.

Sports Medicine Clinic

The fellow will gain additional experience by working in a sports medicine clinic with a specialist in Statesboro, Georgia. This will include diagnostic and interventional ultrasound, as well as various types of injections, including steroids, hyaluronic acid and platelet-rich plasma (PRP).

Orthopedic Clinic

A renowned orthopedic practice, located less than a mile from the clinic, will serve as the primary orthopedic clinic for the fellow. The primary preceptor is fellowship-trained in orthopedic sports medicine. The fellow will also work with a sports medicine-trained physical therapist at the clinic. The fellow will have further experience in orthopedics at the clinic site in Statesboro, GA working with one of the team physicians for Georgia Southern University.

College Football Coverage

The fellow will have the opportunity to provide football coverage and gain training room experience at Georgia Southern University, an NCAA Division 1 team in Statesboro, Georgia.

High School and College Sports Coverage

The fellow will serve as team physician for a local high school. The fellow will also have the opportunity to work with the athletic trainers at the Savannah College of Art and Design (SCAD) throughout the year. SCAD, a member of the National Association of Intercollegiate Athletics (NAIA), offers students opportunities to participate in soccer, lacrosse and equestrian events, among other sports. The fellow will collaborate with the trainers and develop a working sports medicine team.

Community Involvement

The fellow will coordinate and participate in pre-participation physicals at local high schools and colleges. The fellow will gain experience covering mass participation events, including the Savannah Rock 'n Roll Marathon and other local events.

Mission

The Memorial Health University Medical Center Sports Medicine Fellowship Program's mission is to develop the next generation of physicians and physician leaders. As a part of HCA Healthcare, we are driven by a single mission: Above all else, we are committed to the care and improvement of human life.

This program is designed to offer the fellow a rewarding, educational environment where the fellow is provided individualized learning opportunities by faculty and staff who support and sustain one another throughout quality care delivery. Our faculty are committed to ensuring the fellow's clinical experience and educational needs are fulfilled to prepare the fellow to practice in the setting of their choice to provide the care their community needs.

About HCA Healthcare GME

HCA Healthcare is a comprehensive healthcare network with over 275,000 colleagues across more than 2,000 care facilities all committed to creating a positive impact every day. We continually invest in our colleagues and facilities to better serve our patients and local communities. The Graduate Medical Education (GME) programs seek to inspire tomorrow's physicians to care for and improve human life by focusing on patient-centered approaches to practicing the latest evidence-based medicine.

Scholarly Activity

HCA Healthcare Graduate Medical Education provides a critical link between vigorous scholarly activity and real-world patient care from a sophisticated data repository of more than 32 million patient encounters each year.

2,500+ HCA Healthcare GME scholarly activities in 2020-21.

Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

32+ million patient encounters
7.4 million emergency room visits
215,000+ babies delivered

HCA Healthcare Graduate Medical Education is a leader in clinical experience.

- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

A commitment to scholarly activity

Based on more than 32 million patient encounters each year, our scholarly activity bridges the gap between compelling evidence and exceptional patient care.

Our experiential learning is rooted in evidence-based medicine that leads to innovative, **real-world patient health solutions**.

Merging the rigor of **ACGME** accreditation with high patient touch, our residents and fellows deliver evidence-based care that demonstrates our mission to care for and improve human life.

We offer **National Grand Rounds** that leverage accomplished clinical expertise from across HCA Healthcare, bringing the nation's leading medical experts to our residency and fellowship programs.

Influential Collaboration

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated researchers to guide them through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

HCA Healthcare Scholarly Commons is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. During 2020, readership of those works eclipsed the 25,000 mark. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients. In its first year of publication, the journal disseminated 86 articles in six issues as well as a seventh special issue on the COVID-19 pandemic.

About HCA Healthcare

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.
